

Engineered for Excellence!

Dark Art Socks

Our Dark Art Socks have been designed with "Dark" Printing in mind! We have minimized the 'white lines' that typically show up when printing dark colors on a white sock. We have black threads sewn in to the 'inside' of the sock to help reduce white lines to make your artwork stand out!

NEON INKS

Contact us today for your FREE Dark Art Sock Samples! We believe when you see these you will never look at another sock the same way again!
